

THUMP_v4

PROFESSIONAL POWERED LOUDSPEAKERS

Whether you're a musician taking the stage or a DJ packing the dance floor, make an impact with the Thump_v4 professional loudspeaker featuring SoundCheck DSP™. Sound check is as easy as pressing a button, with selectable voicing modes that transform Thump_v4 into an ideal PA speaker, DJ speaker, stage monitor or flat speaker with pure sound. Music Ducking, Feedback Eliminator and Outdoor Mode are life savers that keep high-pressure professional gigs running smoothly. Connect your mic and other sources to the built-in mixer. Pair your phone via Bluetooth® for wireless streaming and linking. Control every setting wirelessly from the app.

MAKE AN IMPACT

- Whether you're a musician taking the stage or a DJ packing the dance floor, make an impact with the Thump12v4 professional loudspeaker featuring SoundCheck DSP™.

LOUDEST LOWEST, CLEAREST

- Mackie Thump_v4 professional powered loudspeakers are the loudest, lowest and clearest everyday gigging solution for any live sound user of any experience level.

FEATURING SoundCheck DSP™

- Sound check at the press of a button with SoundCheck DSP™ featuring voicing modes for every application and instant setup with Music Ducking, Feedback Eliminator and Outdoor Mode.

BLUETOOTH®

- Bluetooth® opens up a world of wireless flexibility. Stream songs from your phone, link two speakers wirelessly and tweak every setting on Thump12v4 with the Thump Connect 2 app.

CONNECTIVITY

- Connect Thump12v4 to anything: microphones, DJ controllers, aux playback devices, keyboards, guitar pedalboards and more, giving you impactful, professional sound for whatever you do.

THUMP_v4

PROFESSIONAL POWERED LOUDSPEAKERS

Loudest. Lowest. Clearest.

- 1400W of class-D amplification
- 1" custom compression driver
- Thump12v4
 - 12" low frequency driver
 - Loudest volume with 129 dB maximum SPL
 - Lowest bass with 47 Hz low frequency response
- Thump15v4
 - 15" low frequency driver
 - Loudest volume with 130 dB maximum SPL
 - Lowest bass with 41 Hz low frequency response

1 SoundCheck DSP™ Voicing Modes

- Sound check is as easy as pressing a button with user-selectable voicing modes
- Flat Mode: Neutral speaker with pure sound
- DJ Mode: DJ speaker for music playback
- Live Mode: PA speaker for speech, karaoke, live shows and events
- Wedge Mode: Stage monitor for performers

2 SoundCheck DSP™ Instant Setup Features

- Feedback Eliminator magically prevents ear-piercing microphone feedback with the push of a button
- Music Ducking tastefully dims music when you speak into the mic, so you never have to bring the vibe to a halt
- Outdoor mode automatically compensates for being outside, preventing the typical loss of high end response

3 Built-in Mixer With Mic Input

- Dual XLR/TRS combo input jacks on both channels
- Mic/line switch on channel 1
- 1/8" input jack on channel 2
- XLR mix output (includes Bluetooth®)
- Front LED on/off

4 Bluetooth® Streaming and Linking

- Bluetooth® streaming from your smartphone or tablet
- Bluetooth® linking so you can stream to two speakers in stereo, zone or dual mono
- Control every setting wirelessly and tweak the EQ with Thump Connect 2 app
- Bluetooth® works simultaneously with analog inputs, and passes to XLR mix output

Physical Specs

- Premium metal handles
- Rugged, modern construction
- 3 M10 fly points for suspended installation
